

QUALITY GOALS OF MSC IN
“SPECIAL EDUCATION”
ACADEMIC YEAR 2022-2023

**Quality Target of MSc
"Special Education"**

STRATEGIC OBJECTIVE	QUALITY OBJECTIVES	MEASUREMENT (indicator)	BASE PRICE (current price)	TARGET PRICE	ACTIONS (What do we need to do to achieve the expected outcomes?)	RESPONSIBILITIES (Who is responsible for each action?)	TIMELINE (When?)
A. High quality of education provided by the MSc	A1. Quality assurance of the MSc	Annual evaluation report of the MSc	NO	YES	Model Annual Internal Evaluation Report	OMEA Director of the MSc Members of the SC	31.12.2023
	A2. Improving the educational process	Quality Policy Text	YES	YES	Upgrading the Quality Policy of the MSc	OMEA Director of the MSc Members of the SC DPE Assembly	31.12.2023
	A3. Average overall course evaluation by the students	Number of questionnaires	2	14	Informing first-year students about the possibility of assessment during their welcome ceremony	Director of the MSc Members of the SC OMEA	31.12.2023

					Systematic information of students throughout their studies	Director of the MSc Members of the SC OMEA	31.12.2023
					Informing students to participate in the assessment, by sending relevant messages during the assessment period	OMEA/ Faculty members	31.12.2023
	A4. Systematic use of evaluation results for further improvement of the educational process	Annual Evaluation Report of the MSc	NO	YES		Director of the MSc Members of the SC OMEA Lecturers	31.12.2023
B. Improving the performance of the students of the MSc	B1. Increase of the pass rate of students in compulsory courses	Success rate in compulsory courses	70%	100%	Improvement of teaching methodology, personalization of the teaching pathway, further use of ICT in teaching, more systematic cooperation between the teaching consultant and the students	OMEA Director of the MSc Members of the SC Lecturers	31.12.2023
	B2. Increase in the scores of successful candidates in courses	Average marks of successful candidates (in compulsory courses)	8,3	8,8			31.12.2023
	B3. Increase the annual percentage of graduates with a degree >8,5	Percentage of graduates with a degree >8,5	70%	100%			31.12.2023

	B4. Reducing the duration of studies	Average graduation time	25 months	24 months			31.12.2023
C. Developing high quality research	C1. Increase of high-quality published research work	Publications in reputable scientific journals	7	14	Systematic recording of publications	Director of the MSc Members of the SC Lecturers	31.12.2023
	C2. Increase of (financial) resources for research	Average total funding for research projects per faculty member	0	10%	Information on opportunities to submit proposals to competitive projects	Director of the MSc Members of the SC Lecturers	31.12.2023
	C3. Linking research to student education	Number of student research groups	0	2	Encouraging students to participate in research groups	Director of the MSc Members of the SC Lecturers	31.12.2023
		Numerous publications in collaboration with postgraduate students	7	14	Encourage faculty members to participate in research groups, research projects, research publications	Director of the MSc Lecturers	31.12.2023
	C4. Increase of participation in international conferences	Numerous contributions to international conferences	5	14	Encourage the participation of postgraduate students in research groups, research projects, research publications	Director of the MSc Lecturers	31.12.2023
D. Development of extroversion and internationalization	D1. Website of the MSc in Greek and English	Website of the MSc in Greek and English	NO	YES	Website design & development	Chairman of the faculty Director of the MSc Lecturers	31.12.2023

	D2. Increase the annual percentage of incoming Erasmus students	Annual percentage of incoming Erasmus students	0	1%	Search for new agreements for international and European educational programs	Director of the MSc Lecturers	31.12.2023
	D3. Improvement of electronic information of students on educational issues (website, e-learning, social media, etc.)	Visibility of services	50%	100%	Upgrading digital services	Director of the MSc Members of the RAC Lecturers	31.12.2023
E. Improvement of the Department's infrastructure, functions and services	E1. Improving the learning environment and day-to-day operations	Infrastructure evaluation by teachers	NO	YES	Strengthening the institution of the Academic Advisor for Postgraduate students	Director of the MSc Lecturers	31.12.2023
		Student support-cooperation hours	70%	100%	Increasing the number of hours of teacher/student collaboration	Director of the MSc Lecturers	31.12.2023
		Student support-study advisors	70%	100%	Increase in the opening hours of the educational islands and the library study rooms	Director of the MSc Lecturers	31.12.2023
		Weekly workshop opening hours	5	15	Systematic maintenance/upgrading of laboratory equipment	Members of the RAC Director of the MSc Lecturers	31.12.2023
		Control/ Upgrade of technological and laboratory equipment	NO	YES	Enhancing students' awareness of the services provided to them	Director of the MSc Lecturers	31.12.2023

	E2. Fully up-to-date and reliable information	Fully updated department website	NO	YES	Systematic updating of the department's website	Members of the RAC Director of the MSc Lecturers	31.12.2023
		Fully updated study guide	NO	YES	Annual publication of a study guide	Director of the MSc Lecturers	31.12.2023
		Electronic information for students on educational issues (website, ecourse)	NO	YES	Personal communication with students via email and the elearning environment Official presence of the MSc on social media	Director of the MSc Lecturers	31.12.2023
